Nokomis/Venice: A great place to ski is the Oscar Shearer Park near Venice / Nokomis on Florida's Gulf Coast. Have been roller skiing there for [many] years. Not completely flat, it's a great workout with Speed Reducers on. - *B.J.*

Fort Lauderdale: Path is located on noise barrier area between airport and housing development. This barrier actually has artificial hills to make skiing more demanding. Used for biking, in-line and now NORDIXC.
