

Coronavirus Update 7/3/2020

We are happy to report that everyone at Jenex remains healthy. Our supply chain has been catching up, and at the moment we have nothing on back order! We don't expect to remain problem free with parts availability and expect occasional delays in the months to come, but for now things are looking good!

We will be closed on Monday, July 6, to take a much needed 3- day weekend.

We wish you all continued health and trust you are finding ways to make business work in this strange new environment.

Best wishes from all of us at Jenex, Inc.
